## EDUCATION:

### UNIVERSITY OF ENGINEERING AND TECHNOLOGY MAIN CAMPUS

Bachelor of Computer Science  
2023-2027  
CGPA 3.7

### PUNJAB GROUP OF COLLEGES

FSC-Pre Engineering  
2021-2023  
Grade A+

### GOVT. MODEL GIRLS HIGH SCHOOL

Matric (Computer)  
2019-2021  
Grade A+

## CERTIFICATION:

### WEB DEVELOPMENT WITH REST APIs IN PYTHON

UET , Main Campus Lahore

### SQL INTERMEDIATE

HackerRank

### ROBOTICS

PUNJAB GROUP OF COLLEGES

### WORDPRESS

DigiSkills

### INTRODUCTION TO CYBER SECURITY

CISCO

## ABOUT ME:

Second-Year Computer Science Student with strong skills in .NET Framework, Web development, and database management. Achieved a **3.7** CGPA and completed a **3-month** internship in web development. Completed **10+** projects related to web development in different framework, demonstrating the ability to deliver results efficiently. Eager to apply my knowledge to real-world projects.

## WORK EXPERIENCE:

### Odoo developer ,USTADAM

May 2024 - Aug 2024

- Extended Odoo's eLearning module by integrating a certificate generation feature, including custom PDF templates for course completion.
- Collaborated on optimizing module performance and ensuring seamless integration with existing Odoo functionalities.
- Developed functionality for automated certificate generation, sharing, and management for eLearning courses.

### Web Developer, KICS

May 2024 - Jun 2024

- Developed a web application using C# and the .NET framework, focusing on backend functionality and integration.
- Designed and customized WordPress websites, enhancing user experience and responsive design.

### Backend Training Program, Tech Minds

Aug 2024 - Present

- Participating in a hands-on backend development training program, building weekly projects using Django.
- Recently developed a CRM application and a Blog platform, focusing on database management, user authentication, and RESTful APIs.
- Continuously improving backend development skills, with an emphasis on scalability, security, and clean code practices.

## PROJECTS:

- Employee Management System (ASP.NET with SQL)
- Developed a To-Do Management app using React for the frontend, Express for the backend, and **PostgreSQL** for the database.
- Developed a Daraz Clone desktop application using **.NET** and **C#**, with **SQL** for backend database management.
- Designed and implemented a **CRM** application with Django, focusing on robust data management and user functionality.
- Developed a blog application using **Django**, featuring customizable posts and user interactions.
- Created a Health Caring Hub console application using **C++**.

## SKILLS:

- |                    |                       |                          |
|--------------------|-----------------------|--------------------------|
| • <b>C#</b>        | • <b>TailwindCSS</b>  | • <b>ShadcnUI</b>        |
| • <b>Django</b>    | • <b>Odoo</b>         | • <b>Problem Solving</b> |
| • <b>SQL</b>       | • <b>Python</b>       | • <b>C++</b>             |
| • <b>Bootstrap</b> | • <b>ASP.NET Core</b> | • <b>Express</b>         |
| • <b>React</b>     | • <b>Node.js</b>      |                          |
